

Decorating Committee Meeting

December 7, 2011

Present: Suzie Eslick, Anne Jacobs, Barbara James, Paul James, Carole Korein, Joanne Ribble and Dave Lisbon

The committee has decided to recommend to the board that the furniture in storage, the two new tables currently in the social room and various lamps and miscellaneous items be consigned to Posh Plum. We believe it is better to move forward with consignment since we really have no use for these items and should free up the storage space. Dave will assemble all the furniture that we would like to consign in the social room the day of the board meeting. If the board agrees, Barbara James will then contact Posh Plum to have someone come to look at the items.

If any items are rejected by Posh Plum the board then can decide if it wants to offer these items for sale to unit owners or donate them.

It was also suggested that the chandelier in the lobby be cleaned. Dave will ask the window cleaners to add this to their cleaning schedule for every visit. They have the equipment to reach the fixture and Dave believes this will not be a problem. Also since the shades on the chandelier are in good shape we should not spend the money to replace them at this time.

The plant in the hallway leading from the lobby to the garage will be removed and we will look at decorating the space with some art work.

Suzie Eslick will look into replacing the artwork over the console table at the mailroom with a mirror.

Next Meeting will be January 11, 2012 at 10:00 am

Joanne Ribble
