The Board of Directors has asked the Committee to investigate any possible need for changes to flooring in the presently-carpeted common areas and to make appropriate recommendations to the Board.

Prior to the next meeting of the Committee, the members individually will examine the existing carpeting and assess its current condition and appearance.

At its next meeting, the Committee will review the terms and conditions of the warranty on the existing carpeting and will consider appropriate alternatives, including the cleaning or replacement of the carpet. (Members also may wish to discuss other possible areas of improvement noted in the course of the carpet inspection.)

The Committee will next meet on Friday, February 25, 2008, at 1:00 p.m.
